Gentlemen:

We are transmitting copies of two documents concerning the Operable Unit 1 (881 Hillside) Interim Measure/Interim Remedial Action. The first document is the monitoring plan, entitled "Final Interim Measure/Interim Remedial Action, French Drain Monitoring Plan, 881 Hillside, (Operable Unit No. 1)," dated April 13, 1992. This document is being submitted as agreed in the March 26 and April 9, 1992 meetings. As agreed, this document lays out the rationale for stopping the French drain 500 feet short of the original design and mitigating efforts that will be taken.

The second document is the wetlands mitigation document, entitled "Draft Fish and Wildlife Coordination Act, Migratory Bird Treaty Act, Endangered Species Act, Compliance, 881 Hillside French Drain (881-HFD) Project, Draft Habitat Mitigation Plan," dated April 13, 1992.

We would also like to inform you that the IM treatment building began treating collected drain water on March 30, 1992.

If you have any questions, please contact either Richard Schassburger at 966-4888 or Scott Grace at 966-7199.

Sincerely,

James K. Hartman
Acting Assistant Manager
for Environmental Management
